
Since 1965 Loki Nets has enjoyed a reputation for high quality, legendary durability and trouble-free functionality We offer a full line of nets designed to meet the needs of the water gardening and koi industries.

Through the years, our philosophy has remained the same. We focus on building practical and durable products that perform exactly as designed while providing the user with lasting value and dependability

---

WHAT MAKES LOKI NETS DIFFERENT?

It might surprise you, but most of the folks who call themselves net manufacturers don't want you to know where their netting comes from. That's because they don't make their own. They buy it from somewhere else – either domestically or overseas.

Loki Nets are different. We manufacture Loki netting from 100% nylon in our own plant in Knoxville, Tennessee, under strict quality control conditions. No other major net company in the United States can make that claim.

WHO OR WHAT IS "LOKI?"

We named our landing nets after Loki (pronounced "lo-kee"), a prominent figure in Ancient Norse mythology. According to legend, Loki was a trickster who invented fish netting - not only to catch fish, but also to trick the gods and save his own life when they attempted to catch him.

LOKI NETS – A DIVISION OF MID-LAKES CORPORATION

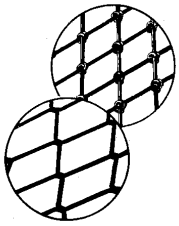
UNIQUE CONSTRUCTION FEATURES SET LOKI NETS APART

When it comes to building nets, we try to keep things simple. We design our nets to do two things: safely catch fish and last a long time. No gimmicks or fads – just practical and durable products that do exactly what they're designed for.

1 100% U.S. MADE KNOTLESS NETTING

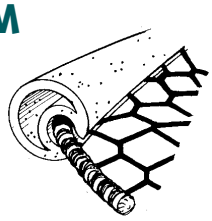


All Loki netting is made in our plant in Knoxville, Tenn., from 100% nylon under strict quality control conditions. The knotless netting reduces abrasion to the fish, is more durable and also absorbs preservative treatment better than knotted imitations.

100% MADE IN THE USA

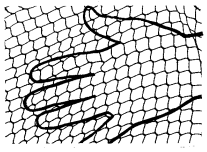
With the exception of our Promo line, all Loki Nets and components are 100% manufactured in the USA from American-made components.

2 MONORAIL™ SYSTEM

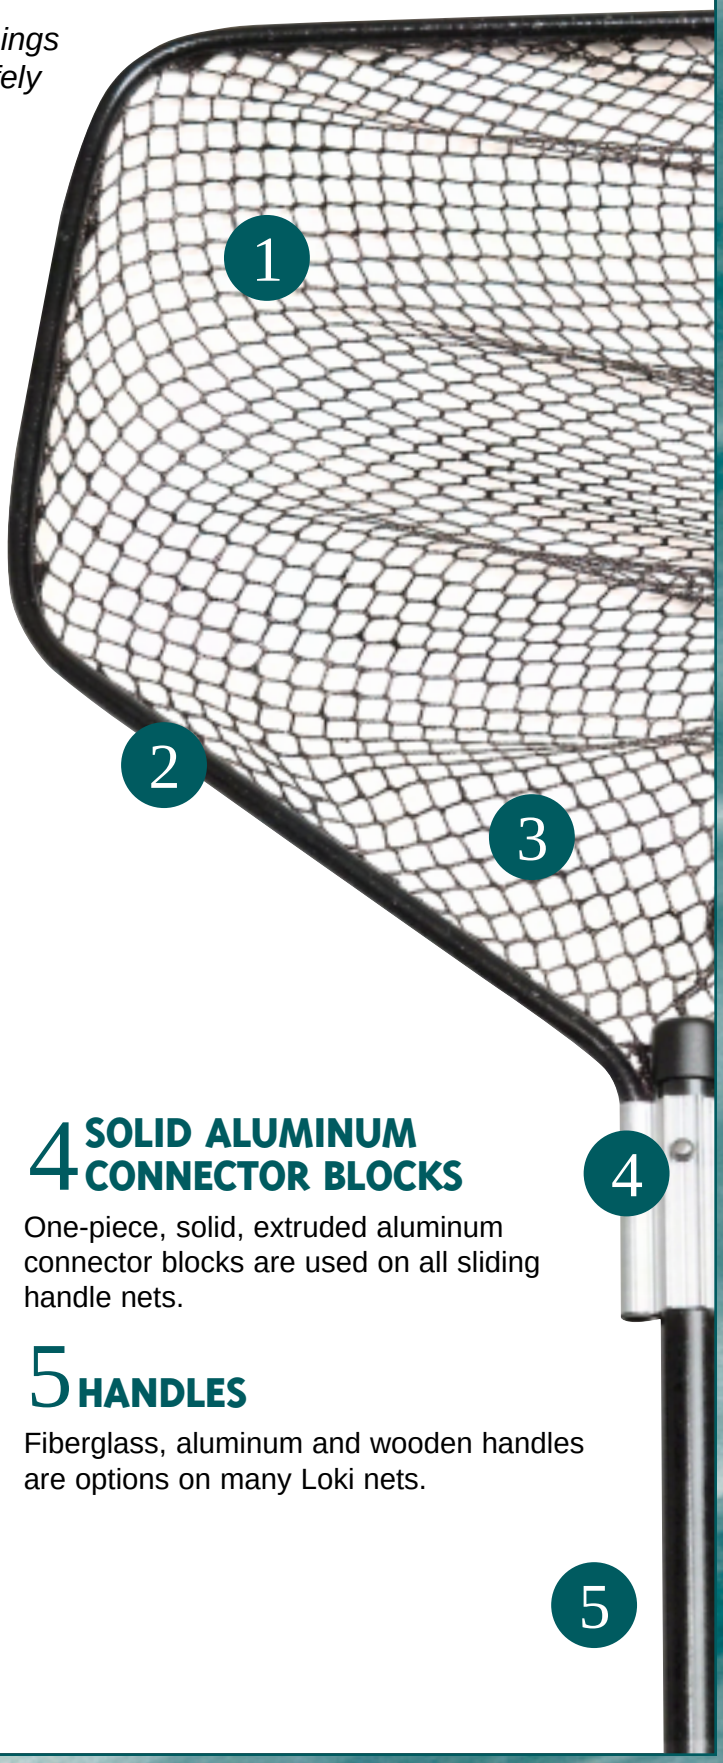


The original mesh-guard system, Loki's unique Monorail aluminum prevents netting abrasion from holding tanks, rocks, sand, concrete, etc. The netting is encased in the bow, creating a natural guard and attractive appearance.

3 TANGLE-LESS™ LANDING NETS



Introduced in 1984, our Tangle-Less line has spawned many cheap imitations over the years but none comes close to the original. Tangle-Less features our small mesh knotless netting that is coated (along with the hoop) in our special super-strength rubber preservative. The result is a net with more body that greatly reduces tangling and lasts years longer than ordinary nets.



4 SOLID ALUMINUM CONNECTOR BLOCKS

One-piece, solid, extruded aluminum connector blocks are used on all sliding handle nets.

5 HANDLES

Fiberglass, aluminum and wooden handles are options on many Loki nets.

POND UTILITY NETS

Loki's Utility Nets are designed to handle your toughest pond maintenance chores – from handling koi to skimming leaves or algae. These nets feature our unique Monorail aluminum bows that encase the netting inside the hoop for long-lasting durability. The small, soft mesh, knotless netting is strong, yet gentle on koi and other fish. The shallow, flat-bottom net bags allow for easy fish handling. The flat-front bows allow for easy maneuvering in pond corners, aquariums or holding tanks.

- *Available in 4' or 6' diamond-embossed aluminum handles.*
- *Fiberglass handles also available. Please call for a quote.*
- *Foam grip.*
- *Black 1/4" Ace mesh available on request. Please call for a quote.*

Model #	Bow Size	Handle	Net
WG-BD-1-4	16" x 16"	4'	1/8" white Ace, 3" deep
WG-BD-1-6	16" x 16"	6'	1/8" white Ace, 3" deep
WG-BD-3-4	12" x 13"	4'	1/8" white Ace, 3" deep
WG-BD-3-6	12" x 13"	6'	1/8" white Ace, 3" deep

Replacement Nets

WG-BDR-1 Fits WG-BDR-1-4 & 1-6
WG-BDR-3 Fits WG-BDR-3-4 & 3-6

Small Utility Net

A smaller, shorter version of our Pond Utility Series, the Small Utility Net features the same quality features in a more compact package.

- *Monorail aluminum bows encase the netting inside the hoop for long-lasting durability.*
- *Small, soft mesh, knotless netting is strong, yet gentle on koi and other fish.*
- *Shallow, flat-bottom net bags allow for easy fish handling.*
- *Flat-front bows allow for easy maneuvering in pond corners, aquariums or holding tanks.*
- *Diamond-embossed aluminum handle.*
- *Foam grip.*
- *Black 1/4" Ace mesh available on request. Please call for a quote.*

Model #	Bow Size	Handle	Net
WG-BD-4	9" x 6"	18"	1/8" white Ace, 4" deep

TANGLE-LESS™ UTILITY NET

No other net on the market performs like the original Tangle-Less. It's the ultimate net for safely handling koi and other small fish or fry. The secret behind Tangle-Less is the super-strong rubber coating that gives the bag stiffness and more body to prevent tangling. The shallow, wide, flat-bottom helps fish lie flat for easier handling. Monorail aluminum bows encase the netting inside the hoop for long-lasting durability.

- *Available in 4' or 6' diamond-embossed aluminum handles.*
- *Fiberglass handles also available. Please call for a quote.*
- *Foam grip.*

Model #	Bow Size	Handle	Net
TL-BD-1-4	16" X 16"	4'	1/4" Ace, 4" deep *Tangle-Less treated*
TL-BD-1-6	16" X 16"	6'	1/4" Ace, 4" deep *Tangle-Less treated*

Note: Since the Tangle-Less production process bonds the netting to the bow, replacement nets are not available for these models.

KOI KEEPER SERIES

Loki's Koi Keeper Series is designed to meet the exacting standards of both koi professionals and hobbyists. Like all Loki Nets, we designed the Koi Keeper series to provide durability, ease of use and to be gentle on fish.

Pro Koi Nets

Loki's Pro Koi Nets are the ideal way to care for your prized fish. The unique black Monorail™ hoop prevents net abrasion from rocks, sand or tank edges. This configuration doesn't spook fish as readily as white netting & a shiny hoop. The shallow bags are made from our soft and durable black 1/4" ACE mesh, which allows for easy fish handling and access. Pro Koi nets are available in three handle lengths and bow sizes. All handles feature black foam grips.

***Pro Koi Nets are also available with our Tangle-Less™ coating for extra durability and even safer fish handling.

- *Available handle sizes: 9 inches, 4 feet and 6 feet.*
- *Available hoop sizes: 18", 22", 30"*

Model #	Bow Size	Handle	Net
PK18-9	18" diameter	1" x 9"	All feature 1/4" Ace, 3" deep
PK18-4	18" diameter	1" x 4'	
PK18-6	18" diameter	1" x 6'	
PK22-9	22" diameter	1" x 9"	All feature 1/4" Ace, 3" deep
PK22-4	22" diameter	1" x 4'	
PK22-6	22" diameter	1" x 6'	
PK30-9	30" diameter	1" x 9"	All feature 1/4" Ace, 3" deep
PK30-4	30" diameter	1" x 4'	
PK30-6	30" diameter	1" x 6"	

*** For Tangle-Less coating, please add TL to Model number; i.e., TLPK30-9.

SUPER SOCK NETS

Loki's Super Sock Nets are designed to safely move koi or goldfish or to catch sick fish. The Monorail™ hoop prevents net abrasion from rocks, sand or tank edges. Handles are 9" diamond embossed aluminum with foam grips. Netting is black Micro-Mesh with an open bottom.

Model #	Bow Size	Handle	Net
SOCK11	11" diameter	1" x 9"	42" deep

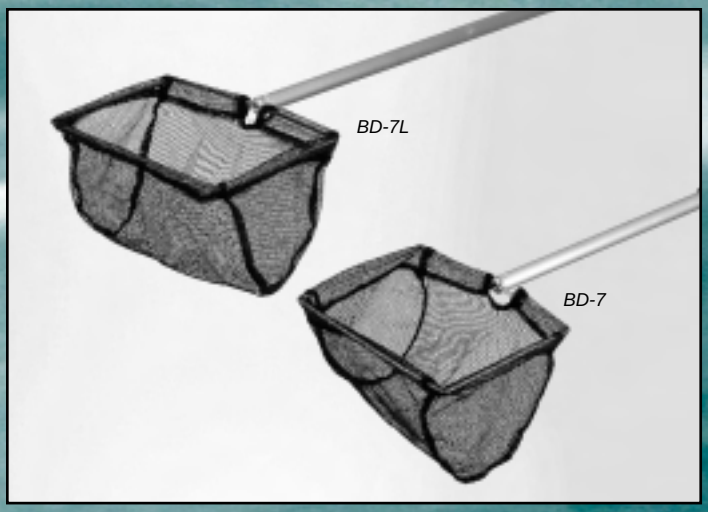
PROMO AQUARIUM NETS (imported)

These promo nets are of considerably higher quality than nets usually found in this price range.
Features include:

- *Aluminum handles*
- *Galvanized steel bows*
- *Hex or fine mesh*
- *End cap with hanger loop*

Model #	Bow Size	Handle	Mesh
BD-6	6" x 8"	12"	Fine
BD-6L	6" x 8"	36"	Fine
BD-7	6" x 8"	12"	1/16" Hex
BD-7L	6" x 8"	36"	1/16" Hex



UMBRELLA DROP NET

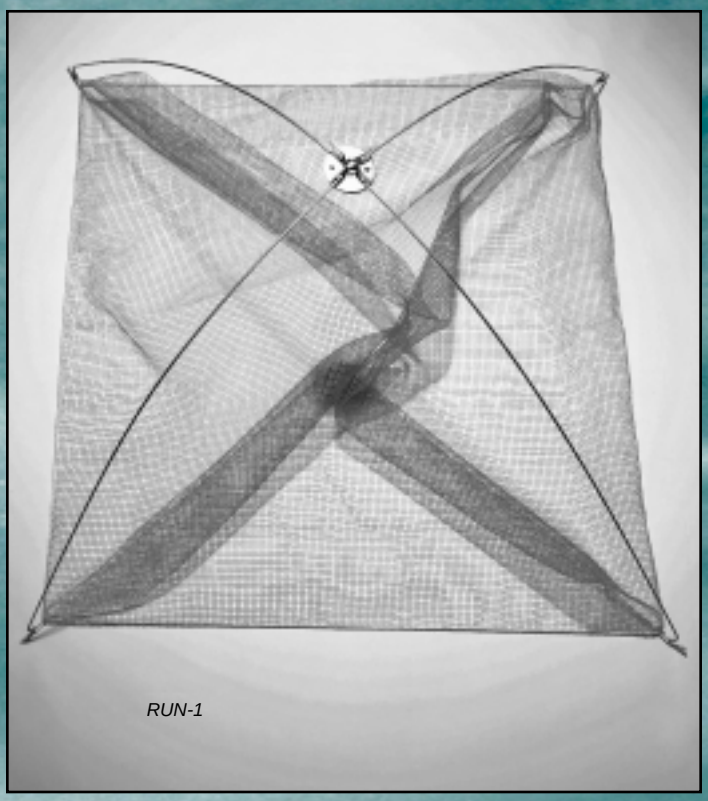
Loki's Umbrella Drop Net offers a unique way of removing fish from a pond without having to chase them around with a hand-held net.

Simply drop the net in your pond a few days prior to removal. Feed the fish over the net to get them comfortable with it. When you're ready to empty the pond, simply feed the fish, lift the net and you've got them in one swoop!

These nets are foldable and come complete with a galvanized spring wire frame. Netting is green 1/4" 100% nylon Regent.

Model #	Mesh	Frame
RUN-1	1/4" Regent	36" x 36"

Replacement Nets
RUR-1



BUTTERFLY/INSECT NET

Our premium butterfly net has a variety of uses and works equally well for fish, insects, skimming, etc. The BF-1 features a Monorail bow that protects the white micro-mesh netting. The handle is diamond embossed aluminum and comes with a foam grip.

Model #	Bow	Handle	Net
BF-1	15" round	36"	25" deep white micro-mesh

FILTER MEDIA & UTILITY BAGS

These bags are excellent for retaining Bio-Blox, Bio-Balls, ribbon media, zeolite, or any other type of bulk filter media. Plus, they have hundreds of other uses as well. Made with our 1/4" Ace nylon mesh with tie cord. Draw cord and seam available for additional charge – please call for quote.

WK-1	5'

MR. LONGARM™ POINT OF PURCHASE DISPLAY

Mr. LongArm is the perfect way to display Loki Nets for retail or showrooms. Mr. LongArm is lightweight, stable and durable. Sets up or breaks down in minutes. Designed to fit net handle diameters up to 1¼". Side clips add even more display space. Comes with Loki Nets sign-plate and Velcro backing. **Model #: MRLA-1**

MRLA-1

CUSTOM CONFIGURATIONS

Loki Nets produces many specialty netting products for the aquaculture, fisheries/wildlife studies and water-gardening industries. We knit our own nets in-house and have a full-time sewing and fabrication staff. This gives us the flexibility to work with you to create a net that meets your needs and specifications. Some minimums apply. Please call for a quote.
