## Personal Emergency Response Systems

At Vector Security<sup>®</sup> we're in the business of protecting lives as well as property. If you experience a medical emergency, help is available at the push of a button with our Personal Emergency Response System (PERS).

- Our system is worn on your wrist, neck or on a keychain so help is always accessible.
- Push the "Help" button to connect to a live Monitoring Center operator any time of day.
- Our system also includes pre-recorded messages that remind you of important daily tasks, like taking your medication.

If you have a medical condition and live alone or are left alone for periods of time, let us protect your safety with our Personal Emergency Response System.

## Help is always within reach:

- 1. Push the "Help" button on your wristband, necklace or keychain.
- 2. Your medical speakerbox is activated.
- A Monitoring Center operator answers your call in a matter of seconds.
- 4. You tell the operator what your emergency is.
- 5. The operator summons the appropriate help and notifies people on your emergency contact list.
