Wall sized mirror graphics dominate the Boutique in Las Vegas

Crooners Lounge Princess Cruises

Backlit mirrors festoon the quiet confines of the “Crooners Lounge” on a Princess cruise ship. Head West artists took a small sketch and expanded it to full size, redrawing the graphics and adding specialized effects to make the wall sizzle.

The Catch Bar, Vancouver Canada

Distressed Mirror sign graphics add a vintage touch to this festive watering hole. These mirrors were made by antique silvering over screen printed graphics to capture a feeling that the mirrors were decades old.

This “step-and-repeat” octagon pattern is screen printed in 3 pale hues with acid etching on top. The mirrors were fabricated in Los Angeles and installed in the brand new, trendy, yet elegant Manhattan watering hole.

These Golden Mirror Panels are fabricated with deep etching and transparent colors so that the light refracts throughout the room when observed, even in low lighting.

Antique mirror applications for every decorators wishes. We feature 8 different styles and can fabricate to size, as well as print graphics with antique mirror backgrounds.
