- Unit leak tested and shipped with helium holding charge
- Receiver with fusible plug and liquid shut off valve
- Suction service valve
- Copper tubing secured with cushion clamps
- Fixed high and low pressure control

Additional Features for Indoor Units

- Outdoor weather-resistant housing with removable hood
- Flooded head pressure control (non-adjustable)
- Crankcase heater
- Other configurations available

ClarkDoor is a member of the RMI family of companies, specializing in horizontal/vertical sliding doors, and hinged door units which are manufactured as complete factory assembled packages, providing easy one-point installation. Used in most industries, Clark cold storage and industrial doors control temperature, contamination, heat, security, weather, humidity, light, and specially controlled atmosphere rooms. Some of these types of applications include food processing plants, warehouses, fabricating plants, computer rooms, explosive atmosphere areas, and sound stages worldwide. Specialty doors can be ordered as required, also using our factory assembled package concept. Visit our website at www.clarkdoorusa.com

The ultimate choice in quality and affordability for use in schools, hospitals, casinos, hotels, laboratories, restaurants, and more.

At RMI we know that a product is only as good as the people behind it. We are problem solvers and master craftsmen, and are proud of the reputation for excellence and quality we have maintained for more than half a century.

RMI Doors

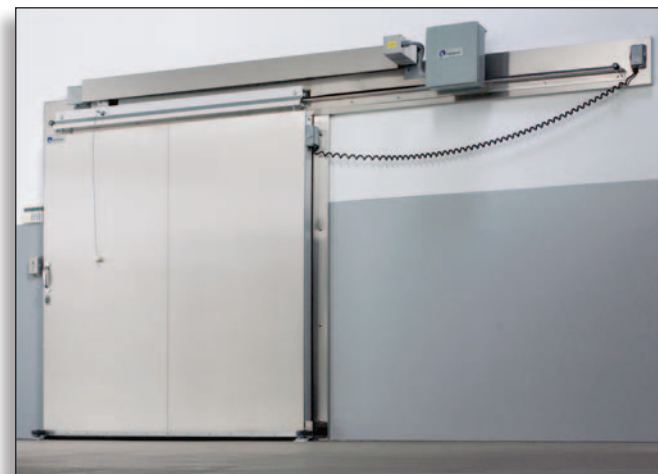

RMI Retrofit Doors

Replace your existing delaminated, damaged, inefficient, and unhealthy walk-in cooler/freezer doors with RMI retrofit doors, or add new ones to your existing walk-ins.

RMI Plexicon Doors

RMI Plexicon clear cooler doors for retrofit and new applications allow you to check inventory at a glance and give your kitchen a clean, modern open look.

RMI Sliding Doors

Our sliding doors are available to be operated manually, or can be power activated with our dual speed operator for single or double horizontal slide applications.

Econ/o/cold Walk-Ins

Our **ECON/O/COLD** product line will satisfy your small and tight budget projects, and is flexible to meet your short lead-time requirements:

- Single compartment coolers and freezers
- Multiple compartment combinations
- Reach-in display cases
- Floral display cases
- All other applications

We offer a complete package which includes walk-ins, refrigeration equipment, installation, condensate drain lines, electrical hook-ups, start-ups, and delivery....everything you will need to get your job done.

Installation available upon request.
