# ROAD-TESTED CUSTOM STORAGE SOLUTIONS.

## Stanley® Vidmar® Automotive Storage Systems

Favored by auto dealers, service centers, manufacturers, race teams, and custom shops around the globe, Stanley Vidmar is custom-built around your exact requirements. Store it, protect it, and retrieve it with one tough storage system:

- Custom-built around your space, equipment, and personnel.
- Designed to increase **productivity, efficiency, and revenue.**
- All storage cabinets backed by a lifetime warranty!

For more information or to schedule a free site analysis, call **800-523-9462** or visit **StanleyVidmar.com/Automotive.**

*Organization—it's the key to any well-run automotive parts department. To be organized (and stay organized), you need the power of an efficient storage system on your side. You need the power of Stanley Vidmar.*

# High-performance storage

## Service Department Storage

Stanley Vidmar takes service departments around the world to new levels in terms of **profitability, organization, accountability, and appearance:**

- Custom storage components can be positioned exactly where you need them most. **Technicians become more efficient!**
- Drawer configurations so precise they can be designed around individual tools.
- Multiple technicians can work out of the same secure toolbox!
- Super-tough storage components that stand up to even the most brutal working conditions.
- Storage solutions can be custom-designed to match any interior or exterior design scheme.
- Lifetime warranty on all Stanley® Vidmar® storage cabinets!

Keep all tools and service equipment close at hand with Stanley Vidmar!

*The Stanley® Vidmar® Automotive Technician's Center (ATC) combines tool and equipment storage, overhead storage, technical benching, computer cabinets, hydraulic lift controls, hose reel storage, and more!*

*Wherever you need to work, Stanley® Vidmar® mobile storage cabinets are in on the action!*

# for high-performance jobs.

## Parts Department Storage

**Organization**—it's the key to any **profitable** parts department. To be organized (and stay organized), you need the power of an efficient storage system:

- Two storage cabinets hold as much as five traditional shelving units!
- Protect and control inventory while cutting retrieval times.
- Fully extendable drawers can hold up to 400 lbs. each!
- Keep all parts secure and accounted for.
- All Stanley® Vidmar® storage cabinets are backed by a lifetime warranty!

You need to retrieve thousands of parts on any given day. Make sure they're all exactly where you need them with a custom Stanley® Vidmar® storage solution!

Fully motorized for quick, easy storage and retrieval, the Stanley® Vidmar® Tire Carousel allows one operator to rotate carrier frames, locate desired tire sets, stop at proper position, and remove tires safely at floor level.

Stanley® Vidmar® workstations can be custom-configured as issue counters, service counters, tech stations, or multi-person work centers.

*A secure, automated storage solution, the Stanley® Vidmar® Vertical Lift Module (VLM) can be built up to 40 feet high and store up to 40,000 line items!*

## Special Tools Storage

Custom-designed around auto manufacturer-designated special tools, the Stanley® Vidmar® special tools system gives every item in your inventory a singular, easy-to-find location:

- Drawer liners have a tool image and part number in each tool's location.
- Your master index lists every tool number and its location by drawer number. Large drawer numbers on each drawer pull make drawers easy to find!
- New drawer liners and master index updates are provided on a regular basis. Your system is always up to date!
- Interlocking steel partitions are repositionable.
- Drawer liner laminates are oil- and gasoline-resistant.

Organize and protect all of your required tools in a secure, heavy-duty environment—and locate any tool in seconds!

# TOUGH STORAGE FOR A TOUGH WORLD.
