## 18" AND 25" LAUNDRY/HAMPER BAGS

### Standard Ropeless

**Flip Top Bag**  
18" or 25"

- Straight or round bottoms available
- Flip top features:
- Built in pocket handles at bottom
- Turn tabs under hood for easy closing
- Ropeless, flips closed just like a sandwich bag
- All stress points reinforced
- Elastic in hem

### Standard Drawcord

**Drawcord Bag**  
18" or 25"

- Drawcord features:
- Bags have drawcord and Sliplock closure
- Straight or round bottoms available

### COTTON DUCK

100% natural cotton, strong and durable. Not pre-shrunk. Not recommended for wet linen. Will not rot or mildew if left wet. Color available: Natural. Color coded striping also available.

### COTTON/POLYESTER BLEND

A combined fiber that provides the toughness of polyester and strength of cotton duck. Dries quicker than cotton duck. Not pre-shrunk. Colors available: Natural, Orange, Yellow, Burgundy, Red, Hunter Green, and Navy.

### 200 DENIER NYLON

100% nylon pre-shrunk—lightweight requiring minimal drying time. Colors available: Red, Pink, Navy Blue, Royal Blue, Powder Blue, Hunter Green, Kelly Green, Orange, Yellow, White, Black, Burgundy, and Purple. 400 denier nylon also available.

### SPUN-FILAMENT POLYESTER

The blending together of spun and filament polyester yarns provides a durable, strong and non-slippery material. It is unaffected by chlorine and bleach. Highly resistant to rot, mildew and abrasion. Not pre-shrunk. A heavyweight alternative to nylon; non-absorbing. Color available: White.

### BARRIER 100% POLYESTER FLUID RESISTANT LAUNDRY BAG

High density construction. Water repellent coating. Colors available: White, Yellow, Blue, Pink, Green. See pages 3-5.

### IMPERVIOUS VINYL LAUNDRY BAGS

100% leakproof. Seamless bottom, electronically sealed side seams to prevent leakage. Colors available: White, Blue, Yellow, Green, Pink. See pages 3-5.

Fluid resistant bags are used to comply with OSHA's regulation which states: "Whenever contaminated laundry is wet and presents a reasonable likelihood of strike-through or leakage from the bag or container the laundry shall be placed and transported in bags or containers which prevent soak-through and leakage of fluids to the exterior."

Electronic sealing is a heat sealing process which will prevent liquids from leaking. This process is now done on all impervious vinyl laundry bags.

*No representation is made that laundry bags will provide complete protection from exposure to contaminants or will eliminate the risk of contracting infectious diseases.*

**Don't see the laundry bag your facility currently uses? Send us a sample and we'll work up a money-saving quotation for you!**

## CART COVERS

Use on LINEN EXCHANGE CARTS-LAUNDRY TRUCKS to keep linen clean.

Use on CENTRAL SUPPLY-LAB-MEDICINE CARTS to ensure sterility.

Use on BULK DELIVERY-TURNABOUT-FOOD TRANSPORT CARTS  
and any other cart which needs a cover.

Also Ideal for Covering Shelving Units and Medical Equipment.

FULL FLAPS, REINFORCED CORNERS, DOUBLE NEEDLE CONSTRUCTION  
CHOICE OF HEAVY DUTY ZIPPERS OR VELCRO CLOSURE

### Choose from these materials:

**200 Denier Nylon:** 200 Denier nylon is a lightweight fabric used mostly in low impact applications such as storage and non-transporting carts. This fabric is both economical and consistent. Washable.

**420 Denier Nylon:** 420 Denier nylon is our most popular fabric for cart and shelving covers. This medium weight fabric is easy to handle, provides excellent durability, and represents a great value all around. Washable.

**1000 Denier Nylon:** 1000 Denier cordura nylon is used for the highest impact applications such as linen transportation carts. This rugged, heavy weight fabric is similar to that used for luggage and backpacks. Washable.

**13 Ounce Reinforced Vinyl:** 13 ounce vinyl fabric is most commonly used for industrial applications. This flame-retardant, OSHA approved medium weight fabric is easy to handle. Wipes clean.

**#30 Easy-Grab Vinyl:** Our Easy-Grab has revolutionized cart covers. With a slitted, see-through clear vinyl front, there is no need to lift a front flap. Just reach in and grab the cart or shelving unit contents such as linen, medicine or supplies. The replaceable vinyl slats wipe clean. The top, back and sides of the cover are made with your choice of 420 denier nylon, 13 ounce vinyl or #20 Staphcheck.

**#20 Staphcheck:** Staphcheck vinyl fabric is most commonly used in the health care industry. This is an anti-bacterial, flame-retardant, OSHA approved fabric. This medium weight fabric is easy to handle. Wipes clean.

**#10 Gauge Clear See-Through Vinyl:** Cover has a completely see-through front, back and sides. Wipes clean.

# POLYETHYLENE HAMPERSTAND WITH LID

Reduce risk of infection when removing linen.  
Totally enclosed when lid and revolving door are closed.

Hamper-Host shown open.

Hamper-Host shown closed.

The Hamper-Host stand is available in two sizes that fit either 18" or 25" laundry bags and your choice of 17 colors. The Hamper-Host stand is top-loading, with an integral lid so that bag and contents are completely enclosed for maximum protection and to meet Joint Commission infection control guidelines. The spring controlled lid closes gently to avoid airborne contamination. A front door allows no-lift removal of the full bag. Once the bag is filled, the outer shell is rotated to open the door. The Hamper-Host stand can be easily cleaned and sanitized with hot water. Units are shipped fully assembled. Two 3" wheels facilitate pushing or pulling. Lid opens and closes easily by hand or by using a foot pedal (priced below). The Hamper-Host is manufactured of 100% polyethylene.

**17 colors available:** Red, Brite Yellow, Brilliant Orange, Jade Green, Honey Gold, Powder Blue, Metallic Silver, Pink, Wine, Cadet Blue, Royal Blue, Purple, Beige, Brown, Black, Lime Green, Forest Green

Hamper-Host Model Number	Dimensions	Laundry Bag Size	Max. Capacity	1	2-3	4-5	6 or more

# STAINLESS STEEL MRI-ROOM HAMPERSTANDS

MRI-Room hamperstands are designed to be safely used near MRI equipment. These hamperstands have a round tubular ring that is seamlessly welded to three legs. A solid, round platform on the bottom acts as a bracing and protects the hamper bag from contact with the floor. A reinforced, dome-shaped lid of high-density, white polyethylene (model 7772MR-PL) is recommended to control airborne pathogens. All hamperstands move easily over floors on 2" MRI-safe swivel casters. Uses 18" laundry bags.

Model Number	Shipping Weight (lbs.)	Lid	Dimensions (overall)	1	2-3	4-5	6 or more

### BARJAN CUBICLE CURTAINS FROM LATEST PRODUCTS

- Innovation
- Attention to Detail
- Workmanship

#### Barjan Features:

- Framed mesh on three sides with matching cubicle fabric for strength, durability and beauty.
- All bottom hems are weighted at corners and joining seams.
- Washes better and lasts longer. Hangs better, looks better.
- Meets or exceeds JCAHO. Complies with OSHA Standards.
- Thousands of inherently fire-retardant fabrics. Meets or exceeds all fire codes.
- Designed to fit your space.

We make it easy to correctly manufacture your curtains. We will need the following information:

1. Your ceiling height (to make the curtains the proper length top to bottom).
2. Do you require track? If so, what are your track dimensions? Please also include a sketch.
3. Will the track layout interfere with any lights, sprinklers, etc.
4. Is installation required? Note: If track already exists just measure each track leg and ceiling height. Track-to-floor; is track mounted direct to ceiling?

We will provide a quote together with an installation option. Installation is available in most locations nationwide.

Thousands of patterns and colors available. Call Latest Products for full-color catalog.

#### IN ADDITION, WE CAN ALSO SUPPLY:

Shower Curtains, Window Treatments, Bedspreads, Cart Covers, ADA Signage, Ceiling Mounted IV's.

## HOW DIRECTORS OF LAUNDRY/LINEN REDUCE THEFT AND LOSS OF VALUABLE PROPERTY:

# HEAT DYE TRANSFERS

## Kaumographs to Mark Linen and Gowns

This is the easiest, most inexpensive method of marking and identifying linen and garments. Our **HEAT DYE TRANSFERS** are easily applied with 3 to 5 seconds of heat from any heat sealing machine. Once applied, they will withstand multiple launderings and deter pilferage greatly.

We can supply you with the logo and message you want, in the shape, color and wording of your choice.

**Call for free testing samples.**

Pricing is per square inch of transfer. To find square inches, please multiply length and width of your design or transfer.

**We can supply printed or embroidered labels, names, titles, departments, etc. Refer to page 22.**

Engraving plates are kept for 2 years. If transfers are not reordered within 2 years, a new engraving charge may apply.

**We can make transfers up to 7 1/2" x 7 1/2"**

For sizes of two to five square inches, use prices of six inch column.

COLORS: black, blue, green, red, white and others. Note: black will be supplied unless otherwise requested.

For two color transfers, double the per thousand transfer cost and double the engraving cost.

Engraving cost charged on first order only.

Heat Dye Transfers are put up on continuous roll form. If sheeting (individual cut) is desired, add \$4.00 per thousand to cost of transfers.

Application of Heat Dye Transfers: 3 to 5 seconds, 350-400 degrees heat. Maximum pressure.

**Samples of Heat Dye Transfers available upon request.**

# SECURITY BULK DELIVERY/PICK-UP TRUCK

IDEAL FOR DELIVERING CLEAN LINEN AND PICK-UP OF SOILED LINEN OR OTHER WASTE

Our newest security bulk delivery/pick-up truck, the **72S/SSL6** with rounded corners and larger inner ribs, combined with a recessed front door and top lid is especially suited for commercial laundries. This new ergonomically designed model has superior strength, durability, versatility, and security. It has an all new lockable, rotationally molded roof and front cover to prevent theft. The cart is leakproof so it may be transported and left outside. Ideal for commercial laundries, hospitals, nursing homes, resorts, health clubs, and the food industry.

Additional features are:

- Ergonomic cutaway design speeds loading and unloading
- Durable lid closure secures goods during transport and storage
- Rugged polyethylene construction resists bumps, scratches and scrapes
- Rotationally molded, full-perimeter, weatherproof poly base for strength and long life
- Large selection of industrial grade casters and arrangements (6" rubber standard)
- Optional tow hitches, brakes, hand holds are available
- 48 cubic foot capacity; 34 bushel capacity; 48" L x 28 1/2" W x 59" Deep x 66 1/2" Overall Height

## 101P ROUNDTRIPPER WITH PLASTIC NON-REMOVABLE SHELVES 37 BUSHEL CAPACITY, YET IDEAL FOR NARROW SPACES

The all new **101P** is the most modern **ROUNDTRIPPER** cart available in the industry today. It features a breakthrough shelf conversion system that enables **one person** to switch the shelves from its horizontal clean linen delivery position to its vertical soiled linen return position **WITHOUT** removing the shelves. Since this truck is narrow (only 24" wide), it can fit up to four across in many trailers. The all plastic 101P is molded as a single unit, meaning there are no welds and no metal to weaken or rust over time. **Just introduced—102P with 600 lb. capacity available at \$775 per unit.**

Additional features are:

- Payloads up to 800 lbs.
- Weatherproof (optional covers, too)
- Industrial grade 6" rubber casters (8" also available)
- Costs less than metal carts
- In addition to our traditional colors listed below, the 101P is available in Sandstone or Gray Granite
- 46 cubic foot capacity: (37 bushel) 60 1/2" L x 24" W x 63 1/2" Deep x 71 1/4" Overall Height

Virgin Polymer—\$850 per cart  
Recycled Polymer—\$800 per cart

Clever hinge converts shelves to vertical, solid return position in seconds.

Please specify 4 swivel 6" casters (arrangement A) or 2 swivel/2 rigid 6" casters (arrangement B).

**\*Colors available: Pink, Wine, Red, Powder Blue, Cadet Blue, Brilliant Orange, Beige, Chocolate Brown, Lime Green, Jade Green, Royal Blue, Purple, Brite Lemon, Forest Green, Honey Gold, Metallic Silver (Gray), Black**

## SECURITY LINEN EXCHANGE TRUCK

### SELF-STORING ROLL-TOP DOOR

#### Roll-Top Security Truck Model #640001S

- **Pilfer-Proof.** Secure containment prevents pilferage; lowers replacement costs. Patented white roll-top tambour door is self-storing; no hinges to interfere with storage and transport, even when open.
- **No More Cart Covers.** Goods stay sanitary and secure under the strong roll-top tambour door—made from the same durable polymers that resist weather and cracking in vinyl windows.
- **Lockable.** Rugged hardened steel hasp can lock door tight. Hidden metal reinforcements add strength and security.
- **Adjustable shelving.** Chrome-plated, heavy-duty wire or solid stainless steel; as many as needed, where needed.
- **Durability.** Seamless, one-piece, molded heavy-duty polyethylene; resists cracking and breaking. Industrial strength, non-marring 8" casters and steel base. Secure, rugged and adaptable.

Lockable steel hasp can lock door tight.

# ALUMINUM LINEN SERVICE TRUCKS WITH DOORS OR FABRIC CLOSURE

Our aluminum carts are durable, yet lightweight. Ideal for use in hospitals, nursing homes, hospices, clinics, and other facilities where ample storage space, cleanliness and economy are important.

Sturdy, one-piece bodies—of airplane riveted 14-gauge aluminum sheet, with continuous door hinges. A continuous non-marking rubber bumper at the cart bottom is standard on all four sides of all carts. Double hinged doors open 270 degrees as shown below to provide easy access.

Flap closures are made of vinyl-coated fabric, highly resistant to abrasion and fire, with Velcro closure. Durable clear lacquer finish for long-lasting beauty and easy cleaning. Handles recessed at both ends to protect walls.

## ENCLOSED LINEN SUPPLY CARTS

**EFFICIENT HANDLING AND DISTRIBUTION:** Enclosed linen carts provide efficient contamination-free handling and distribution of linens or medical and patient supplies.

**HEAVY-DUTY:** Carts are constructed of high-strength aluminum for heavy-duty use. Silver anodized finish is clean and attractive.

**THREE SIZES:** Supply carts are available in small, medium and large sizes.

**CAPACITY:** On a 24-hour exchange system, these carts will furnish linen as follows:

- Small Cart — 20 beds
- Medium Cart — 20-30 beds
- Large Cart — 30-40 beds

They will accommodate other supplies in a similar ratio.

**ADJUSTABLE ALUMINUM SHELVES:** All models have two adjustable aluminum shelves so carts can be adapted to specific needs. On medium and large size carts, shelves are reinforced with angle braces running their full length. **Additional shelves are available for all models.**

**CHOICE OF DOOR OR FLAP:** All models feature an aluminum back and sides. To protect contents from airborne contaminants, small and medium carts are available with either lockable aluminum doors or a polyester-vinyl flap. Large carts come with polyester-vinyl flap only.

**CASTERS:** Models T523A and T524A (small carts) have two 5" polyurethane tread swivel casters and two 5" polyurethane tread rigid casters. All other models feature four 8" extra heavy-duty non-marking resilient rubber casters with swivel locks on two diagonal corners.

**Discounts offered for larger quantities. Please inquire**

24 x 48	54	<b>MHP55C</b>	380.00	<b>MHP55S</b>	735.00

Maximum distributed static load capacity is 800 lbs.

**Note:** These units are designed for only the 5HP and 5HPB casters, which are shipped assembled with the special posts.

Mobile Dunnage Rack

## HD Super Duty Dunnage Racks

Stores more than a ton safely off the floor.

- 48" rack has a 3,000 pound static load capacity (uniformly distributed); 60" rack carries up to 2,400 pounds.
- HD Super design features fast, secure assembly without tools.
- Posts of 1 5/8" diameter provide greater rigidity.
- HD Super™ Dunnage Racks are 16 1/4" high including cap and leveling bolt.

Width/Length (in.)	Pkd. Wt. (lbs.)	Cat. No. Chrome	Price Each	Cat. No. Stainless	Price Each

Maximum capacity 2,400 pounds uniformly distributed static load on the 60" length racks; 3,000 pounds on the 48" length racks. **Note:** Capacity will be reduced and the unit will become less stable if the 3-sided frame is mounted higher than 6" from the floor.

HD Super Dunnage Rack

## HD Super Duty Dunnage Shelves

- 48" rack has a 3,000 pound static load capacity (uniformly distributed); 60" rack carries up to 2,400 pounds. H.D. 1 5/8" posts.
- Removable wire deck (5/16" diameter wire) lifts off for easy cleaning.
- Support frames: 1 1/2" square tubing. Removable deck.

24 x 60	47	<b>2460HDRC</b>	285.00	<b>2460HDRS</b>	655.00

**Important:** In stationary shelving, stability decreases as the ratio of height to width increases and when heavier loads are placed on upper shelves. Keep units as wide and low as possible, using the dunnage shelf as the bottom shelf. If two dunnage shelves are being used, both should be placed within the lower half of the unit.

Dunnage shelves can replace standard shelves for extremely heavy loads.

Refer to storage shelving, pages 55-56.

Dunnage Rack with Mat

Note: Maximum distributed static load capacity for stationary dunnage racks is 1,600 lbs., except on units marked \* which have a 1,300 lb. capacity.

### Dunnage Shelves (Heavy Duty)

Enhance the weight-bearing capacity of your system.

- 36" shelf holds 1,600 pounds (uniformly distributed); 48" shelves carry up to 1,300 pounds; 60" shelves bear up to 1,000 pounds.
- Removable wire mat: 5/16" diameter wire.
- Support frames: 1" square tubing lifts off for easy cleaning.

Dunnage shelves can replace standard shelves for extremely heavy loads.

Refer to storage shelving, pages 55-56.

Dunnage Shelf

**Important:** In stationary shelving, stability decreases as the ratio of height to width increases and when heavier loads are placed on upper shelves. Shelving stability is attained by keeping units as wide and low as possible, and placing heavy loads low on the shelving unit.

# STAINLESS STEEL CLOSED CASE CARTS

## Case Carts

The functional design of our Case Carts maximizes usable inside storage space and provides superior maneuverability. Carts can be used wherever contents must be protected from an “unclean” environment, including free-standing ambulatory care centers, surgi-centers and hospital based/outpatient surgeries.

**CASE-L24** — Cart is space efficient and can be used for minor surgery, labor and delivery and outpatient procedures. Low capacity with functional work surface.

**CASE-H24** — High profile cart saves floor space and minimizes bending. Medium capacity, small footprint.

**CASE-L36** — Cart for the majority of applications. Medium capacity with functional work surface.

**CASE-H36** — Cart for large or multiple cases, commonly used for orthopedics. High capacity, moderate footprint.

**CASE-L48** — Cart for large cases commonly used for orthopedics. High capacity with functional work surface.

Each shelf includes two attachment brackets.

Shelf weight capacity is 150 lbs. evenly distributed.

Optional wire roller shelf, pulls out halfway, easily and quietly, even at the bottom level where accessibility is vital.

Ergonomic full length handles (on both sides of the low-profile carts) allow for convenience in pushing or pulling from either end and provide better cart control.

Detachable brackets remove for faster and easier cleaning and drying. Brackets, which hold shelves, attach and detach quickly from “keyhole” slots for easy shelf adjustability at 2" increments.

Double panel door provides optimum strength. Recessed latch eliminates a catch point. Two-door models have a center flange to stop splashes from entering cart.

Stainless Steel Caster Specially designed stainless steel casters provide easy maneuverability even through frequent cart washings. It features long wearing, shock absorbing, polyurethane tread.

Polymer Caster Provides the same weight load capacity and is equipped with the same long-wearing polyurethane tread. Not recommended if carts are washed frequently.

**Note:** Two swivel casters and two swivel casters with brake are standard on the 24" and 36" length models. The 48" model comes standard with one brake, one swivel-lock and two swivel casters. Brakes and swivel locks are conveniently located to be activated.

Please share our catalog with other departments throughout your facility who may be interested in our products. We would be happy to send another catalog upon request.

## Our Satisfied Customers Say...

"I was one of Latest Product's first customers way back in 1972. I was satisfied then, and am a satisfied customer now, 40 years later!"

-B.W., New York, NY

"During these days of budget cut backs, we can always count on Latest Products to save us money. Enclosed is our newest order for hamperstands, laundry bags and linen carts."

-J.P., Atlanta, GA

"No company provides better customer service than LP! I have recommended your products to other departments and they are just as pleased. You Are The Best!"

-A.J., San Diego, CA

"We had a surprise Joint Commission inspection last year. We needed cart covers & laundry bags in a hurry. As always, L.P. came through and on very short notice. Thank you L.P."
