Support and Holding Fixtures

GENERAL SERVICE & SHOP TOOLS-EQUIP

JOGGLE JACK

T-0178

Eases various installations. Lever operated for support only. A must for installing transmissions, gas tanks, shocks, mufflers, and engines. Pedal folds away for storage. Can be used with single or twin post lifts.

SPECIFICATIONS

Foot Operated Travel	2"
Height (Screw Down) ..62"	Support Plate.....3/8" x 2" x 8"
Height (Screw Up).....82"	Weight
	34lbs

T-0180

HIGH AXLE HANDLE

Designed with additional positive supports for extra safety. Complete with bolt tray.

SPECIFICATIONS:

.....	Estimated Capacity	2900 lbs
Height (Screw Down) ..66"	Support Plate.....	3/8"x2"x8"
Height (Screw Up)	Weight	41 lbs
.....75"		

T-1256-A

ENGINE HANGER

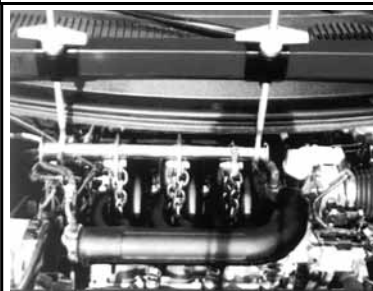

Supports and holds the engine in position when the transmission, transaxle or engine mounts are disconnected. Assures that the engine remains in position for remounting after service. Engine may be slightly raised or lowered by turning the foot adjusting screws. Adapts to the mid engine Fiero. Fits 440-TA/ATX and other popular F.W.D. applications.

T-PT-106

UNIVERSAL ENGINE BRACKET SET

This set offers 3 different brackets that can be bolted directly to the engine, which provides places to support the engine.

T-PT-175

ENGINE ADAPTER BAR

For Ford Windstar and Mercury Villager with 3.8 split port fuel injection engines with large black plastic intake plenum ('95 - up only)

Reproduction of this material in whole or in part is strictly prohibited without prior written consent by ATEC Trans-Tool, LP, including all part numbers, drawings, pictures, logos, or descriptions. Reproduction of any or any part of these items is civilly and/or criminally punishable by law.

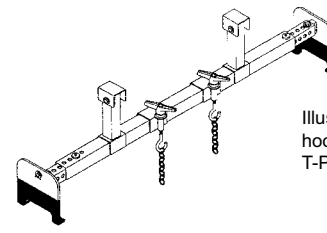

T-PT-200-D

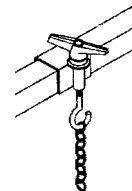

FENDER TO FENDER MAIN SUPPORT UNIT FOR ENGINE

(includes 2 hanger assemblies w/ chains)

Engine support for all foreign and domestic vehicles - 4 cy, V-6, V-8, minivans (some minivans may require T-PT-175 adapter)

Illustrated with hood support T-PT-500

T-PT-5-A

2" HANGER

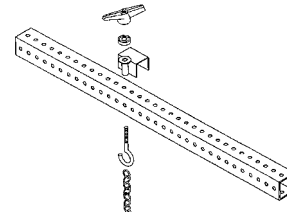

Drops onto bar assembly
Locks in place

T-PT-500

HOOD SUPPORT

Used commonly in shops that push dismantled vehicles outside their building. Prevents hood from being damaged. Also works well in shops with low clearance ceilings. Drops onto bar assembly. [Refer to drawing of T-PT-200-D]

T-PT-900

NORTHSTAR ARM

Used on V-8 Cadillac applications. This item also requires the use of the T-PT-950

T-PT-950

APV LUMINA. VAN ADAPTER SET

Main beam adapter kit allows for attachment of North Star Arm T-PT-900

Main Beam Adapter Kit

Pontiac Transport Van, APV Lumina Van, Olds Silhouette.

Set Includes

- (1) Stock Tower Adapter
- (1) Large 8" Pad Support
- (1) Main Beam Adapter APV

- (1) J-Bolt 7.5"
- (1) J-Bolt 6"
- (1) 3/8" Quick Release Pin
